**EspressoID® is Licensed** by annual subscription for use on one computer for a period of one year. When using the Trial version, the word "Trial" will print on all cards until the first subscription is purchased. The one year subscription includes updates, online support and the full features offered by EspressoID®.

If you decide not to update your subscription, upon expiration you may still use EspressoID® for adding new cardholders and printing ID cards; however, with an expired subscription you will no longer receive updates, online support or have the ability to create new card designs or add new database fields.

An internet connection is required for product activation, updates, and subscription renewal.

**System Requirements:** EspressoID works with Microsoft Windows 98/ME/2000/XP/2003/Vista. Microsoft .NET Framework 1.1, and Internet Explorer 5.01 or later, 500MHz Processor, monitor running 800x600 or higher resolution, 16-bit color recommended. No other operating systems are supported. Internet connection required for registration and activation.
