

Serving Identification Needs for Over 15 Years

Nursery & Preschool Security

We, at I.D. Specialists, Inc., are concerned about child safety just as much as you are. We strive to provide products that help in creating a secure & safe place for children to learn about Christ and give parents peace of mind.

A numbered security tag coinciding with a sign-in sheet number can be attached to the child's clothing and/or diaper bag with a strap clip.

Parents receive a duplicate tag attached to a strap clip, lanyard or wrist coil. Parents present their tag to pick up their child.

These key-fob size laminating pouches are 1.5" x 2.875", making them more comfortable for children and parents to wear. They are perfect for holding tags that can be personally designed on your computer. These pre-slotted tags accommodate a strap clip, lanyards or wrist coil.

4" Laminator - \$195.00

with 5 Year Warranty
